**Unexampled Values in Men's Clothing.**

Copyright 1907 by Hart Schaffner & Marx

The Goldenberg clothing business is climbing all the time. We have accomplished what we set out to do—bought Men's Clothing, stylish, well made and durable, at prices very much less than prevailed before our coming, and thrifty-minded men have not been slow to appreciate this service and give us their patronage.

For the greater convenience of our men patrons we've moved the Men's Clothing Department from the old location on the third floor to the second floor directly over the Men's Furnishing Department. Easy of access—just a step to the elevator or stairway, and away from the bustle and crowd that usually throng the Women's Departments.

Practically a man's store in itself—everything for a man's wardrobe here excepting shoes, which are in the shoe section, 912 Seventh Street Store.

From the very inception of this Men's Clothing Business we put clothing on the same basis of small profit selling as every other line in the house. We are content to take a profit that no exclusive clothier can afford to do business on. That explains why we can and do sell at 25% lower prices the same qualities found in the best clothing stores of the city.

Our stock comprises garments from the best makers of the country, including the justly famed Hart, Schaffner & Marx of Chicago.
